BEARY GOOD NEWS!

**THERE ARE 4 TUITION
PAYMENTS IN OCTOBER.**

October 2008

VOLUME 31

Welcome to Little Bear's Early Learning Academy!! We are very happy that you have chosen us to provide quality child care services for your families.

Little Bear's Early Learning Academy is an Academic Preparatory School. Our goal is to provide a safe, loving atmosphere where children can explore, imagine, and express their individual creativity.

Children will benefit from skills in Early Literacy (phonics), math, science, fine arts, multi-cultural settings, geography, and much more..

Little Bear's Early Learning Academy is a child centered environment where children set the stage for their own learning, however educators provide additional activities to enhance and expand on the skills the children have already attained.

Since parent's are their children's first teachers, we would like to work side by side with you in the development and promotion of early learning. Your participation is encouraged.

We hope you and your children will enjoy your experience here at Little Bear's Early Learning Academy!

Each month at Little Bear's Early Learning Academy we have a special theme we explore. Our theme for the month of October is Harvest Time & Farm Animals. Children will be able to share their likes and dislikes with their classmates. Teachers will follow the interests of the children and expand or contract the activities as needed.
